Fernel Campher

HUMANITARIAN EXECUTIVE | PROGRAMME & OPERATIONAL LEADERSHIP

South African humanitarian leader with experience as Provincial Manager, National Programmes Manager and in acting executive roles within the South African Red Cross Society (SARCS). Brings operational management, government and partner engagement, disaster response, institutional strengthening, and donor-facing programme delivery experience.

Leadership experience

- Provincial Manager, Western Cape — coordinated programme implementation, staff and volunteers, partner relationships and training systems across nine established branches.
- National Programmes Manager from 2020 — national programme coordination, reporting and emergency response management.
- Acting CEO / Acting Secretary General responsibilities during 2021–2022; international operational reports list corresponding roles.

Selected leadership and delivery experience

Career records provided for this profile describe leadership of approximately 37 staff and 1,700 volunteers in Western Cape operations; national COVID-response coordination involving more than 20,000 frontline workers across nine provinces; and provincial operational recovery efforts including training-linked income development. These organisational results reflect team delivery and candidate-supplied figures.

Published professional contributions

- Named on the African expert panel acknowledged in a published evidence-based first-aid guideline.
- Named in the Belgian Red Cross–Flanders management response to a first-aid programme evaluation (June 2022).
- Publicly documented engagement in climate adaptation and Western Cape flood-response communications.

Education and professional development

Project Management (FPD / USAID, 2015, NQF Level 5 as reported); Programme Management (NQF Level 4); Health Promotion & Primary Health Care (NQF Level 4); General Counselling (NQF Level 4); Community Health Work (NQF Level 4); Skills Development Facilitator training. These entries reflect the candidate’s completed training history; certificates are retained separately.

IFRC learning — completed

Surge Information Management in Emergency Operations (2023); Your Road Map to Community Resilience (2023); Introduction to National Society Development (2017); Restoring Family Links & Psychosocial Support in Emergencies (2017). Completion certificates reviewed.
