Fernel Campher

SENIOR PROGRAMME MANAGER | HUMANITARIAN OPERATIONS & DONOR DELIVERY

Programme management specialist with experience in national humanitarian operations, donor reporting, organisational coordination, training delivery and disaster response. Former National Programmes Manager and acting executive leader in the South African Red Cross Society.

Programme delivery profile

- National programme implementation and emergency response coordination across provinces.
- Engagement with humanitarian partners, donors, government and field teams.
- Reporting, programme completion, training systems, organisational capacity and accountability.

Documented disaster relief operations

Urban Violence response (MDRZA010): The IFRC final report records 15,509 people assisted and an operation budget of CHF 350,491; Fernel Campher is named as Acting Secretary General and Programmes Manager for operational coordination.

Severe Thunderstorms response (MDRZA011): The IFRC final report records 5,000 people assisted and an operation budget of CHF 399,000; he is named as Acting Secretary General and operational coordination contact.

Tropical Storm Eloise response (MDRZA009): The IFRC final report records 1,500 people assisted and an operation budget of CHF 38,893; he appears in the Secretary General / Programmes Manager contact entry. A separate national disaster manager is named for operational coordination.

Figures above are entire operation budgets and outputs of teams and partners, not personal budgets or solely attributable achievements.

Other programme contributions

- African First Aid Manual implementation and first-aid programme systems.
- National COVID-response coordination across nine provinces (candidate-supplied operational scale: more than 20,000 frontline workers).
- Provincial team and volunteer management across nine established Western Cape branches.
- Training quality processes aligned with HWSETA / QCTO organisational requirements, based on career records.

Professional training and credentials

Project Management (FPD / USAID, 2015, NQF Level 5 as reported); Programme Management (NQF Level 4); Health Promotion & Primary Health Care (NQF Level 4); General Counselling (NQF Level 4); Community Health Work (NQF Level 4); Skills Development Facilitator training. These entries reflect the candidate’s completed training history; certificates are retained separately.
